## ACTIVITY IN EDUCATION

Washington, D. C., Feb. 11.—Washington is entertaining for three days one of the most distinguished gatherings that ever assembled here. The occasion is the fifth general convention of the Religious Education Association, of which Henry Churchill King, of Oberlin College, is president, and which includes among its active members many of the most eminent educators, divines and public men of America.

A meeting of the council today preceded the general sessions, which began in Continental Hall this evening. The general theme of the gathering is "The relation of Moral and Religious Education to the Life of the Nation." This is divided into the following topics for the general sessions: "How Can the Moral and Religious Agencies in the Nation Be Made More Effective as Educational Forces?" Educating the Conscience of the Nation. Prominent among those who are to address the gathering are President Faunce of Brown University, President George E. MacLean of the University of Iowa, Miss Jane Addams of Chicago, Bishop Galloway of Mississippi, Prof. Francis W. Kelsey of the University of Michigan, Dr. Floyd Tompkins of Philadelphia, Van Ogden Vogt of New York, Rev. Washington T. Gladden of Columbus, Ohio, and George Albert Coe of Northwestern University. President Roosevelt will receive the delegation at the White House tomorrow morning and address them briefly.

## HAD HIS NERVE.

Master of Seized Foreign Vessel Takes Her Away.

Pensacola, Fla., Feb. 11.—Perhaps the most daring move ever made by the master of a foreign vessel, was when Captain Ray of the German steamer Delta took his vessel from this port, notwithstanding the fact that she had been seized by the United States marshal, and posted as not being allowed to leave the port until bond had been given. The seizure was based upon three libel suits, aggregating \$8,000. It is the first case on record along the gulf coast. The Attorney General of the United States has been requested to take action in the matter and call upon the revenue cutter service to send out a vessel from Key West to make an effort to apprehend the steamer as she passes that port.

## TIME AND TAXES.

Grand Jury Calls Attention to What It Deems Undue Expense.

Chicago, Feb. 11.—A dispatch to the Record-Herald from Geneva, Ill., says: In its report to the circuit court handed in yet, the Kane county grand jury said:

"In view of the present widespread agitation upon the saloon question, this grand jury feels it a duty to report that in many cases brought before us a few drinks of liquor have preceded the trouble. The expense of this jury, state's attorneys and stenographer, together with the court expenses which must follow in order to adequately punish the men who have been indicted therefor, apparently follow in great measure, from the presences of saloons being open to young men who do not know how to restrain themselves.

"This grand jury offers no advice, but desires only to call attention to the waste of time and taxes in caring for petty crime."

## WOMEN AND POLICE.

Militant Delegates and Officers Have Quite a Lively Setto.

London, Feb. 11.—A band of militant delegates from Parliament Woman Suffragists, now in session at London, made a vigorous assault on the house of commons Tuesday afternoon. Their attempt to rush the doors of the lobby, however, was frustrated by the watchful police, who had a sharp skirmish with the shrieking women, two score of whom were arrested for disorderly conduct. The attacking party was trying to deliver to the house of commons a resolution protesting against the "unconstitutional act of the government in refusing a vote to women taxpayers."

## Vessel Sighted.

New York, Feb. 11.—The British steamer Eagle Point, which has been thirty days en route from London for Philadelphia, was sighted 270 miles east, southeast of Sandy Hook by the steamer Vaderland, which has arrived. The Eagle Point was last spoken of Jan. 25, when the captain reported the steamer's shaft broken. Insurance rates on the vessel have been increased and alarm for her safety has prevailed among shipping men.

## MASONS MEET IN CONCLAVE

Hattiesburg, Miss., Feb. 11.—Several days of unusual interest and activity in Masonic circles were ushered in here today with the annual meeting of the Mississippi grand lodge. The grand lodge meeting will be followed by the meetings of the grand council, grand chapter, Order of High Priest-Lod and grand commandry. The city is rapidly filling with Masons of high degree all over the State.

## ILLINOIS FARMERS IN SESSION.

Peoria, Ill., Feb. 11.—Peoria was the Mecca today for progressive farmers and agricultural experts from every nook and corner of the State. The occasion was the thirteenth annual meeting of the Illinois Farmers' Institute and the affiliated association of domestic science, which began its sessions in the Coliseum this morning. Addresses of welcome and responses and reports from the district superintendent occupied the opening session. This afternoon the institute discussed the general subjects of horticulture and corn improvement and the injuries done by insects to alfalfa and clover. The sessions will continue three days.

## FIRM AND DEFIANT.

Will Never Turn Over the Alamo Unless She Is Carried Out.

San Antonio, Feb. 11.—Without food, or water for over eighteen hours and in total darkness through the long dreary night, spent in the room in which Bowie met his death at the hands of the treacherous Mexicans, but still firm and defiant, Miss De Zavala, like her patriotic forefathers, is holding the Alamo against all comers. She says she may be starved to death, but will never surrender. "My forefathers were willing to die for what they believed to be right. The same blood flows in my veins. I will never turn over the Alamo unless I am carried out of the building by force," was the statement made by Miss De Zavala Tuesday. Sheriff Tobin served injunction on Miss De Zavala, issued by Judge Kittrell of Houston.

## PRISONER WALKS OUT.

Twenty Policemen Laughed and Talked as John Anderson Left.

Chicago, Feb. 11.—While twenty policemen laughed and talked in the central detail station, John Anderson, a prisoner walked to the door and disappeared.

An unknown messenger boy was the only one to notice the escape. He followed bravely until he was distanced by the hot pace set by the thief, and then he called the attention of the sleuths to the absent one.

Then Captain Gibbons stormed: "What kind of police do you call this sort of thing?" demanded that official. "The messenger boy was better." "I took Anderson to the desk sergeant," declared Policeman J. Birne, explained the sergeant. "Well, go out and get him or there will be some work for the trial board," demanded Gibbons.

## GOMEZ UNSEATED.

In Sensational Appeal Says That He Has Been Played False.

Manila, Feb. 11.—After a series of exciting sessions Senor Gomez was unseated by a vote of 40 to 35. The assembly has done little else but consider Senor Gomez since convening its regular session on Feb. 10, in which he accused party leaders of playing him false. The speaker was compelled to call him to order before the vote was taken. The action of the assembly declared his election void. Commissioner Shuster left Manila for a vacation of six months.

## Three Damage Suits Filed.

Waxahachie, Tex., Feb. 11.—Three damage suits against railroads were filed in the district court, as follows: W. B. Reynolds vs. Missouri, Kansas and Texas, for \$7179.50; J. W. Taylor vs. the Houston and Texas Central, for \$10,000; J. C. Steel vs. the Gulf, Colorado and Santa Fe for \$5,000. Personal injuries are alleged in last case.

## Horribly Mangled.

Dothan, Ala., Feb. 11.—James Ashford was horribly mangled at a saw-mill. His coat sleeve caught in some cogs. At once the body was jerked into the machinery. Both arms were fractured, his head crushed and many bones broken. He was dead when extricated.

## Demand Not Granted.

Sherman, Tex., Feb. 11.—At a meeting of the builders' exchange the demand of the union painters for a raise from \$3.33 1-3 per day to \$3.75 was turned down, in consequence of which every union painter in the city is on a strike.

## Reduction Information Asked.

Washington, Feb. 11.—The house passed a resolution requesting the secretary of the navy to furnish information as to what reduction has been made in the skilled labor force employed in the Washington and other navy yards.

### The Daily Eagle

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, FEBRUARY 12, 1908

It isn't at all necessary to kick when you foot a bill.

Russia wants to recoup her losses in Manchuria by taking a slice of Turkey.

About this time next year office-seekers will be worrying Mr. Bryan nearly to death.

If you should find a paper of "blossoming idiot" seeds in the package received from your congressman, don't plant it.

You have no more right to dim the sunshine of your neighbor's life than you have to destroy the beautiful flowers or his parterre.

A good many people now know where Punta Arenas is who didn't know there was such a place before the fleet anchored there.

The tobacco war in Kentucky is a disgrace not only to that state but to the whole country, and ought to be put down by the strong hand.

The supreme court at Austin has decided that a policeman takes his life in his hand when he goes on an expedition of secret espionage.

No matter what may be your religious creed your pastor will tell you that the most acceptable way to serve God is to do good to your fellow men.

The Panama canal diggers are now moving about a billion and a quarter yards of dirt and rock every month. The rate of progress is far beyond that of any great public work in all history and is astonishing the world.

The Texas Republic is a bad boy in school, refusing to profit by the admonitions of the Eagle. Take warning, Major, from the words of Solomon: "He that, being often reproved, stiffeneth his neck, shall suddenly be cut off, and that without remedy."

### HAS SPLENDID CAST.

Tickets are going fast for the production of Barrington Hall Thursday night at the opera house. Public interest in the attraction is very gratifying, and those who contemplate attending may rest assured that they will be amply repaid by the excellence of the performance. Mr. M. S. Blackburn assures the Eagle that the cast in this city is the best he has ever secured in a town of this size. All the parts will be ably represented, and something very much out of the ordinary may be expected. Seats are on sale at Haswell's.

The cold in New York State last week was intense, some points reporting 45 and 50 degrees below zero. The Hudson river was frozen over solid and New York harbor full of ice drifts which seriously impeded navigation. It is incomprehensible that people will stay in such a country when they might come to Texas.

An old citizen of Nueces county related to the Corpus Christi Croncy how he overheard a part of a prayer of one of his neighbors in which the worshipper used these words: "O, Lord, I thank thee that thou hast given me sense enough to know that I am a fool." That man was not far from the kingdom.

The Woman's Club of San Antonio has assumed the task of giving the city a thorough cleaning three times a year. Such an example cannot be commended too highly; if the not be commended too highly; if women every where who have time and means would do as much for their towns the coming of the millennium would not be long delayed.

Materials are arriving at Marble Falls for building a dam across the Colorado river, which is to be 36 feet high and 1400 feet long. The lake thus formed will be the largest body of fresh water in the state, and surrounded as it will be by picturesque hills and basky dells it will be unsurpassed in scenic beauty. The natural dam at the falls will be 40,000 horse-power which will be enormously increased by the artificial structure.

The Ladies' Aid Society of the Christian church will give a tea with Mrs. Alice P. Shine, Thursday from 3 to 6.

### A. AND M. SENIORS RESUME CLASSES TODAY

Members of Senior Class Have so Informed Board of Directors—Latter Willing to Hear Grievances.

Hon. Walton Poteet of Dallas, member of the board of directors of the A. and M. College, gave out a statement from College last night at 10 o'clock in which he said that the members of the Senior Class had waited on the board of directors and agreed to resume their studies and return to classes this morning. Mr. Poteet also said that any grievances of the class will be heard and investigated by the board, but that none had been presented. The board is still in session.

The students of the College have not been in attendance upon classes since Saturday, owing to disagreement with College authorities.

The members of the board at College are President K. K. Leggett, Hon. R. T. Milner, Hon. W. B. Sebastian, Judge A. Haldusek, Major L. L. McInnis and Hon. Walton Poteet.

### WILL THE I. & G. N. SHOPS MOVE.

The question of removal of the shops from Mart is now being agitated. Whether this agitation is due to the natural desire of some other people to get the shops or whether it arises from any suggestion or intimation from the present management of the road is not known. But the agitation is on just the same, our big neighbor Waco, apparently doing most of the agitating. It now behooves Marlin to investigate this matter with a view of getting into the game—provided, of course, that she really wants these shops. There are those who take different views of the matter, but there are few if any, who would like to see the road locate their shops near the hot water town.—Marlin Democrat.

Geographical location and other conditions favor Bryan as a division point and shop location for the Ft. Worth division of the I. & G. N., and if any change is to be made, this city should bestir herself to the point of becoming the beneficiary.

### CHIEF JUSTICE FULLER IS 75.

Washington, D. C., Feb. 11.—It kept Chief Justice Fuller pretty busy today receiving the good wishes of his colleagues on the Supreme bench and his numerous other friends in and out of official circles who called to congratulate him on his seventy-fifth birthday.

Despite his flowing snow-white hair Justice Fuller is far from his years. His eyes are as bright and his cheeks as ruddy as those of a school boy, and mentally and physically he is active and vigorous as many men half his age. All his life he has been fond of out door exercise and to this he attributes his general good health.

### STANDARD OIL HEARING.

Albany, N. Y., Feb. 11.—The taking of evidence in the suit of the government against the Standard Oil Company was resumed before a notary in this city today. Charles B. Morrison and J. H. Graves appeared for the government and John G. Milburn for the Standard Oil Company. Testimony was taken respecting the alleged unfair competition of the Standard in the New York and England territories.

### HADLEY VISITS TEXAS.

Attorney General of Missouri is Due Next Week.

Austin, Feb. 11.—Attorney General Davidson received a letter from Attorney General Hadley of Missouri informing him that he would be at San Antonio the early part of next week for the purpose of visiting relatives. On the 17th Attorney General Hadley and Attorney General Jackson of Kansas will be at Austin to confer with Attorney General Davidson regarding some important anti-trust matters. The visit of distinguished Missourian will no doubt cause much interest.

Superintendent Day of public building and grounds is getting estimates from various state departments as to the amount of mail handled daily by them, with view of getting the Federal government to establish a branch postoffice in the state house. A letter from one of the superintendents of the Federal department has been received here, and the belief prevails that the government will put in a branch station.

Regular monthly hearing of railroad commission took place Tuesday morning and lasted less than half an hour. Very few railroad men were present. The reinsurance and time limit on cotton concentration idea was dismissed at request of roads, likewise proposition to readjust less than carload rates on cotton seed was disposed of by making the rate 25 per cent higher than carload rates.

Commissioner of Insurance Love received a letter from Pacific Mutual Life Insurance company of Los Angeles in which the sworn statement is made that the company has no intention of writing "special" or board contracts anywhere.

### BRILLIANT ENTERTAINMENT.

Ladies Aid Society of Baptist Church Afford People of Bryan an Evening of Pleasure.

Under the auspices of the Ladies Aid Society of the Baptist Church an unusually attractive entertainment was given last night, and a big, appreciative crowd was present regardless of the bad weather. Mrs. H. O. Boatwright had the direction of the entertainment in charge; Miss Emily Peale had charge of the minstrel feature, and Miss Gatton of the School of Expression Class from the Texas Woman's College.

The stage was arranged in true minstrel fashion for the first part, and the participants masked. Mr. Henry Locke was the interlocutor and Messrs. Frank Buchanan, Larry Stevens, Ed Martin and Grady Buchanan the end men. The musical features included choruses, solos and quartettes interspersed with quips and jests, and made a sparkling ensemble.

The second part introduced a company of German students represented by ladies in costume and afforded opportunity for the introduction of some fine specialties including impersonation, music and a bright little sketch entitled "A Cloudy Day." Miss Gatton's expression class appeared also in this part and in the succeeding series of beautiful tableaux representing "A Bachelor's Dream." Eleven types of femininity from the school girl to the bride were presented with fine effect.

Those who took part in the unusually bright numbers of the varied program are Messrs. George Peeler, Wilson Buchanan, Grady Buchanan, John Buchanan, Frank Buchanan, Edgar Buchanan, Ed Martin, Jack Johnson, Henry Locke, Stuart Boatwright, Noah Walker, T. C. Nunn Jr., Mat Bethel, Larry Stevens, Massingill, Miller; Mesdames W. S. Wilson, M. W. Sims, Tyler Haswell, Nellie Ballard, Luther Taylor, J. B. Sanders, W. C. Davis, H. O. ## Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is cloudy, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell.

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else.

## PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently though surely, it surely equalizes the blood circulation.

THE STATE OF TEXAS,  
To the Sheriff or any Constable of  
Brazos County—Greeting:

You are hereby commanded to sum-  
mon Fannie Taylor by making publi-  
cation of this Citation one in each  
week for four successive weeks pre-  
vious to the return day hereof, in  
some newspaper published in your  
County, if there be a newspaper pub-  
lished therein, but if not, then in any  
newspaper published in the 20th Judi-  
cial District; but if there be no news-  
paper published in said Judicial Dis-  
trict, then in a newspaper published in  
the nearest district to said 20th Judicial  
District, to appear at the next regular  
term of the District Court of Brazos

same being the 2nd day of March,  
A. D. 1908, then and there to answer  
petition filed in said Court on the  
1st day of February, A. D. 1908, in a  
suit, numbered on the docket of said  
Court, Number 5,184, wherein S.  
H. Dunlap and W. E. Johnson, as  
ing interest from August 1, 1907, at  
the rate of ten per cent per annum,  
and providing for ten per cent attor-

ing interest from August 1, 1907, at  
the rate of ten per cent per annum,  
and providing for ten per cent attor-

No. one, (1), in McCannico Addition

ture of which is to plaintiffs unknown.

## BURGLARS BLOW SAFE.

Nitro-Glycerin Is Utilized With  
Telling Effect.

### LARGE AMOUNT SECURED.

Ten Thousand Dollars Taken From a  
Bank by Five Bandits, Who Have a  
Battle With Citizens, Escaping on a  
Hand Car, Poses Pursuing.

Willard, Mo., Feb. 11.—The Bank of  
Willard was looted of \$10,000 by five  
robbers early Tuesday after the safe  
had been blown open by nitro-glycerin.  
The explosion aroused the citizens and  
a street battle followed, but a shot  
from the robbers made their way to a  
handcar and escaped. A posse, com-  
posed of deputies were quickly formed  
and started in pursuit.

The report of the explosion was ter-  
rific and in a short space of time citi-  
zens from all over the town hurriedly  
went to the scene. There was a brisk  
engagement and many shots were  
fired. While the engagement was the  
hottest the firemen beat a retreat, the  
two posess soon following. The rob-  
bers made the hand car finally fly  
along the railway track, thereby gain-  
ing a long lead over their pursuers.  
The booty was taken along.

#### ORIGINAL OWNERS.

Judge Morrow Rules That In Califor-  
nia Development Company Case.

San Francisco, Feb. 11.—Control of  
the California Development company,  
which originated and constructed the  
monster irrigation system by which  
water is taken from the Colorado river  
and applied over 800,000 acres of de-  
sert land in the Salton basin district  
country, must be taken from the hands  
of the Southern Pacific company and  
given into the hands of the original  
stockholders and shareholders of the  
first named company. This is the sub-  
stance of the decision handed down  
by Judge Morrow in the United States  
circuit court of appeals, and ends the  
litigation that tied up the canal system  
of the southern country since the  
Colorado river went on a rampage  
in September, 1904.

#### NINE MINERS KILLED.

Accident Was Caused by a Slow Blast  
Setting Off the Gas.

Central City, Ky., Feb. 11.—Nine  
miners were killed and one other fa-  
tally injured by an explosion of gas  
in the mine of the Moody Coal com-  
pany at Southern Carrollton, three  
miles from this city.

The mine is a small one and only  
thirteen men were at work in the dig-  
gings at the time of the explosion.

The accident was caused by a slow  
blast setting off the gas, which was  
evidently accumulated in considerable  
quantity, as the interior of the mine  
was wrecked and the cages smashed  
so that it was impossible to get the  
ten victims and the three survivors  
to the surface until 7 o'clock in the  
evening.

Emergency Currency.

Washington, Feb. 11.—Senator Al-  
drich of Rhode Island, chairman of  
the committee on finances, opened the  
debate in the senate Monday on his bill  
to provide an emergency currency. He  
was listened to with great attention  
by Republicans, and Democrats  
alike, while in the galleries, there was  
a large audience. Among others was  
J. Pierpont Morgan, who remained  
through the delivery of the speech.

During the debate Senator Foraker  
made reply to the president's state-  
ment concerning the use of the ap-  
pointing power for political purposes,  
and had letters read showing the pres-  
ident's attitude in one case.

#### DENVERITES DEPLORE.

There Will Be Ample Accommodations,  
Declares the Press Club.

Denver, Feb. 11.—Resolutions de-  
ploring the publication of stories in  
various newspapers throughout the  
country to the effect that hotel accom-  
modations in Denver will be inade-  
quate to accommodate the crowds that  
will be here during the Democratic  
national convention were adopted at  
the regular monthly meeting of the  
Denver Press club. The club declares  
in the resolutions adopted that "Den-  
ver hotels are modern and there are  
enough of them to house comfortably  
any sized crowd that might be expect-  
ed to come to the city during the con-  
vention. The resolutions request the  
newspapers of the country to print  
the club's protest.

#### Twenty Dollars, Twenty Cents.

Paris, Feb. 11.—Count Boni de Cas-  
tellane was found guilty by the cor-  
rectional court of criminal assault and  
battery on Prince Helle de Sagan, his  
cousin, and fined him \$20. The price  
was awarded 20 cents (franc) dam-  
ages.

#### Taft Committee In Charge.

Columbus, O., Feb. 11.—The supreme  
court affirmed the decision of the  
lower court in the matter of the Cuya-  
hoga county Republican primaries.  
This leaves the Taft county committee  
in charge.

of Minnesota has been invited to ad-  
dress the members of the Alabama  
Industrial association at its annual  
convention here May 20-21.

## VALUABLES VANISH.

Fifty Thousand Dollars' Worth  
Has Disappeared.

Minneapolis, Feb. 11.—A tin box,  
the contents of which are valued at  
\$50,000, and the personal property of  
John C. Hopkins, vice president of the  
Hopkins Land company, disappeared  
from his office in the Metropolitan Life  
Insurance company building. Mr.  
Hopkins believes the bonds and securi-  
ties were stolen from his desk last  
Friday. The papers were locked in a  
safe deposit box, which was left on Mr.  
Hopkins' desk while he stepped into a  
rear room.

#### DARING THEFT.

Jewelry Stolen While Owners Were  
Down Stairs at Dinner Party.

Memphis, Feb. 11.—While a dinner  
party was in progress at the home of  
Frank G. Jones in Vance avenue, one  
of the most fashionable residence sec-  
tions of the city, thieves entered a  
second story window and made away  
with jewels valued at \$20,000, the  
property of Garrett E. Lamb, his wife  
and daughter, of Clinton, Ia., the  
guests of Mr. and Mrs. Jones, and in  
whose honor the dinner was being  
given.

#### Great Damage Done.

Atlanta, Feb. 11.—Atlanta and vicini-  
ty are slowly recovering from the  
effects of the sleet storm which iso-  
lated the city. Street cars were not  
running Tuesday and railroad commu-  
nication was delayed, while telegraph  
wires are broken beyond immediate  
repair. The storm has abated, leav-  
ing ruin for miles about the city. For-  
tunately no lives were lost, but the  
property damage, particularly to tele-  
graph and telephone lines, is heavy.

#### Renews Recommendation.

Albany, Feb. 11.—Governor Hughes  
renewed to the senate his recommen-  
dation of last year, that Otto Kelsey  
be removed from the office of state su-  
perintendent of insurance on the  
ground of incompetency. Last year the  
senate refused by vote of 27 to 24 to  
remove Kelsey.

#### Car Demolished, Six Persons Hurt.

Pittsburg, Feb. 11.—Six passengers  
were more or less seriously injured by  
a street car plunging over an em-  
bankment in West Holmstead, a sub-  
urb. The car was demolished.

#### Gone to Genoa.

Marseilles, Feb. 11.—Ex-Premier  
Franco of Portugal and family left  
here for Genoa, Italy. Two detectives  
accompanied them.

#### Women and the Theater.

The first aim of the modern play-  
wright is to please the women in the  
audience. The second thought is for  
the female characters in the play. If  
a play finds favor with the women it  
is bound to be a success. The men  
will go if only because she is there or  
to act as her escort.—Theater Maga-
